

Security and Medical Response Services

First in Florida

Safety and Security—all in one!

AMR On Guard offers round-the-clock security officers who are also state-certified Emergency Medical Services providers. We are the only EMS transportation company in Florida who combines security officer services with the expertise of emergency medical services. Should a medical emergency arise, AMR On Guard personnel are able to administer basic and advanced life support care. We are at your side in minutes to address first response care until an ambulance arrives.
